

INTERIORMAKERS Diaries

Interior designers Jen Ziemer and Andrea Dixon of Fiddlehead Design Group have a signature play of pattern, color and texture that stands out in the local interior design circuit. These Twin Cities tastemakers share what's on their wishlist this holiday season.

HOLIDAY SPIRITS

The only kind of cart we like more than a shopping cart is a well-stocked barcart! Layer in just one or two festive accessories to give your cart a spirited feel, without the holiday hangover.

CURE MITTENS

Cure Mittens will warm your hands and your heart. Created by a Minneapolis family whose daughter was diagnosed with Type 1 Diabetes, a portion of every sale is donated to charities that help those impacted by diabetes.

BAG IT UP

Santa's got his bag, and we've got ours! This festive hand woven year after year! Instead of a water cooler conversation, this baby will spark a little dialogue over the egg nog. Adding this one to the very top of our holiday wish list!
